Excerpt: . . . 11 ceive excellent benefits and earn pay that is, on average, 40 per-cent higher than wages earned by workers doing similar work in nonnuclear facilities. The industry also is working with organized labor to develop training and other programs to provide the cadre of highly skilled workers that our future requires. NEI supports the application of Federal prevailing wage requirements, contained in the Davis-Besse Act of 1931, to loan guarantees authorized by title 17 of the Energy Policy Act of 2005. In addition, NEI is working aggressively to revitalize the United States nuclear manufacturing infrastructure. The global nuclear renaissance will require additional capacity for a range of products, from very small components to ultra-heavy steel forgings and cast-ings. Even as we work to build the next fleet of advanced reactors for electricity production, we also are developing reactors that will pro-vide energy security and environmental benefits well beyond the traditional electric sector....
