World Bank Publications, United States, 2016. Paperback. Book Condition: New. 250 x 178 mm. Language: English . Brand New Book. Investing in skills has risen to the top of the policy agenda today in rich and poor countries alike. In lagging countries, the biggest difficulties relate to: forming and sustaining strategic partnerships with employers; ensuring equitable and efficient funding for vocational education; and putting in place mechanisms to enhance training providers accountability for results defined by their trainees job market performance. By framing WfD in the broader skills-for-growth context and drawing on lessons from countries where well-designed WfD strategies have helped to drive sustained growth, this book offers clear guidance on...
