A CONTRACTOR S GUIDE TO THE FIDIC CONDITIONS OF CONTRACT (HARDBACK)

John Wiley and Sons Ltd, United States, 2011. Hardback. Book Condition: New. 248 x 178 mm. Language: English . Brand New Book. This guide will help the contractor s staff overcome some of the difficulties encountered on a typical international contract using FIDIC forms. The majority of FIDIC-based contracts use the Red Book (Conditions of Contract for Construction), so this book concentrates on the use of those particular forms. Supplementary comments are included in Appendix C for the Yellow Book (Plant Design-Build) recommended for use where the contractor has a design responsibility. The Contractor is represented on site by the Contractor s Representative who carries the overall responsibility for all the Contractor s on-site activities. In order to provide guidance to the Contractor s Representative and his staff, this book is divided into five sections: * A summarized general review of the Red Book from the Contractor s perspective. * A review of the activities and duties of the Contractor s Representative in the same clause sequencing as they appear in the Red Book. * A summary of these activities and duties but arranged in order of their likely time sequence on site. This has the added intention of providing the Contractor s Representative with a means of ensuring that documents are not only properly provided to the Employer and Engineer, but most importantly that they are provided within the time limits specified in the Contract. * A selection of model letters is provided which make reference to the various clauses of the contract requiring the Contractor to make submissions to the Employer or Engineer. * Various appendices. The guide is not intended to be a review of the legal aspects of FIDIC- based contracts; legal advice should be obtained as and when necessary, particularly if the Contractor has little...
