DIANA INQUEST: THE BRITISH COVER-UP

DOWNLOAD

John Morgan, Australia, 2011. Paperback. Book Condition: New. 230 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The explosive evidence in Diana Inquest: The British Cover-Up blows the lid on the events that took place in the 24 hours following the death of Princess Diana in 1997. Diana s body was subjected to two embalmings and two post-mortems - in both France and the UK - within that first 24 hour period. In disturbing new findings - based on documentary evidence withheld from the 2007-8 inquest jury - the book reveals that Princess Diana s UK post-mortem samples were switched prior to toxicology testing. This shocking action means that the testing was carried out on blood and other samples that did not come from Diana s body. The book is based on evidence heard at the inquest, but also draws heavily on documents from within the British police investigation - Operation Paget. These official documents were not made available to the jury at the London inquest. In particular, this volume shows that the jury - who were expected to reach a verdict on the cause of the deaths - were prevented from seeing the UK post-mortem and toxicology reports for both Princess Diana and Dodi Fayed. Out of 23 documents connected to the post-mortem of Princess Diana, the inquest jury got to see just 2, and they heard evidence from only 3 of 14 key witnesses. Another surprising revelation in this fourth volume of the Diana Inquest series is that Diana s pre-post-mortem embalming, conducted in the Paris hospital within hours of her death, was ordered by the royals in Balmoral. The evidence in The British Cover-Up also reveals that on 31 August 1997 the then royal coroner, John Burton, took illegal jurisdiction over Princess...
