The James Bond Cold Reading is a whole new take on the twelve lines of the Classic Reading made so popular from the 50 s to the present day. Julian Bev Moore shows you how this much discussed but seldom used powerful cold reading technique can be applied effectively and memorised in no time at all using characters such as James Bond that you already know and love. Forget about learning stock lines and never using them - using the proven techniques in The James Bond Cold Reading, you can learn to speak in you own words and amaze people by how much you know about them using one of the most misunderstood tools of mentalism - the character reading. By bringing a modern slant to an old technique, Julian Bev Moore proves once again that that the old ones are the best - if only we knew how to apply them. If you re not a fan of stock lines and think that learning them is a waste of time, this ebook could seriously change your mind!
