

## Joan of Arc: French Composition (Classic Reprint)

By Helene Adeline Guerber

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Joan of Arc: French Composition College and Regent requirements call for considerable translation from English into French of consecutive passages. The following biographical sketch is intended as a bridge between the customary grammar work and selected passages from the works of various writers. Teachers will find that the best results can be attained by first translating this material at sight in class, having the written version made afterwards from memory. While copious notes and a complete vocabulary have been annexed, they will not be necessary if this method is pursued, and it will be found that students will learn most if they depend on memory rather than upon external helps. Much material like this is supplied off-hand to my own pupils for rapid translation, and this is offered to the public in the hope that it may prove both suggestive and helpful.
