FILIPINO AMERICAN PSYCHOLOGY: A COLLECTION OF PERSONAL NARRATIVES (HARDBACK)

AUTHORHOUSE, United States, 2010. Hardback. Book Condition: New. 231 x 157 mm. Language: English . Brand New Book ***** Print on Demand *****.Filipino Americans are projected to become the largest Asian American population by 2010. As the second largest immigrant group in the country, there are approximately 3 million documented and undocumented Filipino Americans in the US. Filipino Americans are unique in many ways. They are descendants of the Philippines, a country that was colonized by Spain for over three centuries and by the US for almost 50 years. They are the only ethnic group that has been categorized as Asian American, Pacific Islander, Hispanic, and even as their own separate ethnicity. Because of diverse phenotypes, they are often perceived as being Asian, Latino, multiracial, and others. Filipino American Psychology: A Collection of Personal Narratives offers an intimate look at the lives of Filipino Americans through stories involving ethnic identity, colonial mentality, cultural conflicts, and experiences with gender, sexual orientation, and multiraciality. Writers courageously address how they cope with mental health issues- including depression, anxiety, post-traumatic stress, and suicide. Theories and concepts from the book s predecessor, Filipino American Psychology: A Handbook of Theory, Research,...
