CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 244 pages. Dimensions: 8.7in. x 6.0in. x 0.7in. You had fertility problems. You went through the IVF process. You have your longed-for family. But you also have additional embryos in storage. What will you do with them? There are over 100,000 frozen embryos in Britain. Every year, thousands more are created, and every year, couples must choose between another IVF cycle, donating the embryos to scientific research, embryonic adoption or disposal. For four families, making this difficult decision will prove a threat to their happiness, security and well-being. Susie Allens circumstances have changed dramatically since her embryos were created. She does not plan to use the embryos herself, but her logical approach to resolving the issue is frustrated by the necessity of considering the wishes of her wider family. The Hunters busy lives hide a web of secrets, depression and guilt. When Harry discovers Elise has been hiding the reminder letters about their remaining embryo, the past overshadows their present dilemma, so that both their marriage and their Christian faith are severely tested. Jayanti and Percy Bells problem is communication. Superstitious fears and a need...
