

Benjamin Franklin Giants of Science

By Kathleen Krull

Puffin. Paperback. Book Condition: New. Boris Kulikov (illustrator). Paperback. 128 pages. Dimensions: 7.6in. x 5.0in. x 0.4in. The electrifying biography of innovative scientist Benjamin Franklin is the perfect addition to this outstanding series! Benjamin Franklin is a famous colonial inventor and multitasker who may be best remembered as one of America's Founding Fathers. But he was also a natural philosopher (the term for scientists back in the 1700s), whose experiments led to important discoveries about the nature of electricity including his famous demonstration that electricity and lightning were one and the same. In a fantastic addition to the much-lauded Giants of Science series, this biography sheds new light on the man who considered science his true calling in life. Praise for the Giants of Science series: With an inviting, conversational narrative, this series launches with an impressive start. Publishers Weekly, starred review of Leonardo da Vinci The second title in Krull's Giants of Science series meets, and perhaps even exceeds, expectations set by the debut, Leonardo da Vinci. Krull and Newton are a match made in heaven. Bulletin of the Center for Children's Books, starred review of Isaac Newton Another standout in a uniformly stellar series. Kirkus Reviews, starred review of Albert Einstein An illuminating, humanizing portrait Booklist,...
