Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Generic Names of Bacteria The list of generic namcs submitted here is as simple as careful search through bacteriological literature can make it If further time were available additional names might be found. However, those familiar with the voluminous bacteriological literature of to-day will realize that the omission of a name is not intentional nor the result of neglect, Tho work was begun fin the Laboratory of Dr. Erwin F. Smith, U. S. Department of Agriculture] in 1915 with Mr. E. C. Kellogg, then biological chemist, Bureau of Plant Industry, who was obliged to discontinue it on entering the Service of the United States Army. It is only at his request that his name is not included in joint author-ship. Several of the German translations were made by him, and the author acknowledges her indebtedness. A number of names were furnished by Capt. M. W. Lyon, jr., Medical Corps, United States Army, who also suggested the problem and assisted greatly through-out the work by much helpful criticism. I am indebted to Mr. Conrad Kinyoun,...
