Reviews

This book is definitely not effortless to begin on looking at but quite entertaining to read. Better than never, though I am quite late in starting reading this one. I am just easily getting a enjoyment of looking at a written ebook.

Osprey Publishing (UK). Paperback. Book Condition: New. Steve Noon (illustrator). Paperback. 64 pages. Dimensions: 9.5in. x 7.2in. x 0.3in. Immortalized in literature through such characters as C. S. Foresters Horatio Hornblower and Patrick OBrians Jack Aubrey, the officers and midshipmen of the Royal Navy during the Revolutionary (1792-1802) and Napoleonic Wars (1799-1815) ran the ships that defended Great Britain against the threat of French invasion. This period saw the Royal Navy achieve its most momentous victories at the Nile, Copenhagen and Trafalgar, victories that laid the basis for a period of British naval and imperial supremacy that would last a century. The men who commanded these ships went through a long apprenticeship, often going to sea at the age of 12 or younger. They could serve for up to 60 years, progressing through the ranks in a service that rewarded success in battle and merit to a much larger extent than the contemporary British Army. This title, the companion volume to *Warrior 100: Nelsons Sailors*, describes the harsh realities of life in the Georgian Royal Navy for all ranks of officer from the lowest midshipman to the most senior admiral and covers the exploits of men such as Horatio Nelson and Thomas Cochrane who provided the basis for the fictional figures that remain so popular to this day. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
